

DECORATIVE NAPKIN PLAY: CREATING ONE OF A KIND PAMPHLETS, TAGS, POCKETS AND MORE!

Join us for an adventure into the wonderful world of decorative napkins! We will start with choosing our napkins and using them in creative and fun ways to make stunning pamphlet booklets in a variety of sizes.

After we sew our single signature pamphlet books, we will design our own pockets, tags and other ephemera using our napkins. Use these pieces to add to your pamphlet books or keep them for other books and projects that you create. You will have loads of tips and tricks all along the way.

There is nothing like the feel and touch of these booklets fashioned from your favorite napkins. One word of caution—after you make one, these are definitely addicting!!
